

## What will PartnerOne Dealer and Repair do for an agency?

PartnerOne Dealer and Repair helps an agency broaden coverage for existing clients in an affordable manner.

It will help an agency attract and write new opportunities due to the breadth of coverage it can offer.

It allows an agency to demonstrate its professionalism to the client by addressing difficult exposures with a valuable and important product.

By writing additional coverages, PartnerOne Dealer and Repair helps an agency write accounts that will be difficult for competitors to take away.

It helps an agency fulfill its ultimate goal of providing ALL clients access to high quality, effective coverage, in a very simple and streamlined manner.

## PartnerOne Dealer and Repair

### What is PartnerOne Dealer and Repair?

- PartnerOne Dealer and Repair is a claims-made pollution liability form offered through the PartnerOne Environmental program from Beacon Hill Associates. It provides coverage for on-site cleanup costs, third-party bodily injury, and property damages (including defense costs) for releases commencing after the policy retroactive date for scheduled locations and storage tanks.
- PartnerOne Dealer and Repair coverage is offered by an "A" rated carrier.
- Available product enhancements include: coverage for off-site repair and maintenance service performed by the insured; and, coverage for claims resulting from pollution events caused by equipment leasing operations.

### Why is PartnerOne Dealer and Repair important?

- Because PartnerOne Dealer and Repair is rated, quoted, bound, and issued via Beacon Hill's in-house PartnerOne Environmental program department, enabling us to offer fast turnarounds and excellent service.
- Because claims caused by a pollution condition arising from the insured's covered operations may not be covered via the insured's General Liability form.
- Because PartnerOne Dealer and Repair can be used to meet U.S. EPA Financial Responsibility requirements for regulated storage tanks.
- Because coverage through the PartnerOne Dealer and Repair program starts at \$430, with limits starting at \$500K/\$1M and deductibles starting at \$1,000, offered on admitted paper.

### Target risks include, but are not limited to:

- Automobile, equipment, RV, and rental care dealers
- Service stations with repair facilities
- Oil change facilities
- Tire and repair shops
- Vehicle repair businesses
